INTRODUCTORY ACTIVITY: DEFINING THE CANADIAN HONOURS SYSTEM

The goal of this activity is to familiarize students with the notion of honours and with the role of the governor general in granting national honours. The activity is a class discussion. Below you will find a series of steps to help you conduct the discussion with your students.

Grade level

For students in grades 7 to 9 (Secondary 1 to 3).

The vocabulary and some of the content can be adapted for younger students.

Duration

30 minutes

You will need

- Access to the Internet

Optional

- Educational kit on the role of the governor general, available at www.gg.ca/en/educational-resources/role.

Step 1

Note: Students who are familiar with the role of the governor general may go directly to step 2.

Share with students the following information:

- Canada is a constitutional monarchy, where the duties of head of State and head of government are distinct.
- Her Majesty Queen Elizabeth II is Queen of Canada and head of State.
- The governor general of Canada is Her Excellency the Right Honourable Julie Payette.
- The governor general represents The Queen in Canada and exercises the duties of Canada's head of State here and abroad.
- One of the governor general's responsibilities is to encourage excellence by granting honours.

Step 2

Engage students in a reflection on what “granting honours” means to them. Lead them in their reflection by asking questions about awards they are familiar with at school or in their community. Then ask them what kind of actions or achievements they think deserve to be rewarded or honoured in a special manner. Finally, ask their opinion on who should present the award or the honour to the recipient.

Step 3

Compare the results of this reflection with the following statements and information:

- New honours are created on the recommendation of the prime minister.
- The Queen approves all new honours.
- The governor general presents honours on behalf of The Queen.
- Granting honours is a gracious, tangible and lasting way to pay tribute to people whose achievements are exceptional, who have performed outstanding acts of bravery, or who have benefited Canada or humanity.
- Each year, hundreds of Canadians earn our applause and gratitude: from community volunteers to astronauts, from actors to members of the military, from scholars to athletes. The Canadian Honours System gives them the opportunity to join an order or to be granted a decoration or a medal in recognition for their tremendous contributions to our society.
- Some examples of national awards and honours:
 - *The Victoria Cross*: Canada's highest honour, given to members of the Canadian Forces for exceptional bravery and valour in a combat situation;
 - *The Order of Canada* : given for sustained and significant contribution, dedication and service;
 - *Decorations for Bravery*: given to those who have risked their lives to save or protect another;
 - *Sovereign's Medal for Volunteers*: given to recognize the exceptional volunteer achievements of Canadians from across the country in a wide range of fields;
 - *Meritorious Service Decorations*: given for outstanding contributions in a particular field;
 - *Exemplary Service Medals*: given for long and outstanding service (for police, firefighters, etc.);
 - *The Governor General's Academic Medal*: given to the student graduating with the highest average in his or her school (note: it is an award and not an honour).

There are other national honours: discover them at www.gg.ca/en/honours/canadian-honours.

Step 4

Ask students to look up a few local recipients from their community using our online directory at www.gg.ca/en/honours/recipients. This exercise can be done in group or individually. Discuss in class what these recipients did to receive their award or honour.

DISCOVERY ACTIVITY: SCAVENGER HUNT

The goal of this activity is to apply students' skills in researching precise information on a website. While searching for clues, students will learn more about Canadian honours. All the answers are on our website at www.gg.ca/en/honours.

RESEARCH ACTIVITY 1: LOCAL HEROES

Grade level

For students in grades 4 to 6
