Raison d'être of the Office of the Secretary to the Governor General

The Office of the Secretary to the Governor General (the Office) provides support and advice to the Governor General of Canada in his/her unique role as the representative of The Queen in Canada, as well as the commander-in-chief. The Office assists the Governor General in carrying out constitutional responsibilities, in representing Canada at home and abroad, in bringing Canadians together, and in granting armorial bearings. It also supports the Governor General in encouraging excellence through the administration of the Canadian Honours System and by organizing the presentations of national honours, decorations, medals and awards. The Office manages a visitor services program at both of the Governor General's official residences and oversees the day-to-day operations of these residences. It provides support to former Governors General, including pensions to former Governors General and their spouses.

Basis of Presentation

This quarterly report has been prepared by management using an expenditure basis of accounting. The accompanying Statement of Authorities includes the Office's spending authorities granted by Parliament and those used by the Office consistent with the Main Estimates for the 2018-19 fiscal year. This quarterly report has been prepared using a special purpose financial reporting framework designed to meet financial information needs with respect to the use of spending authorities.

The authority of Parliament is required before moneys can be spent by the Government. Approvals are given in the form of annually approved limits through appropriation acts or through legislation in the form of statutory spending authority for specific purposes.

The Office uses the full accrual method of accounting to prepare and present its annual departmental financial statements that are part of the Office's *Annual Report*. However, the spending authorities voted by Parliament remain on an expenditure basis.

B) Highlights of fiscal quarter and fiscal year to date (YTD) results

This section highlights the significant items that contributed to the variances in available authorities for use for the fiscal year ending March 31, 2019 and the variances in actual expenditures for the quarter ended June 30, 2018.

Statement of Authorities

As reflected in the Statement of Authorities, the Office's total available budgetary authorities have a net increase of \$333 thousand or 1.5%, when compared to the same quarter in 2017-18. This increase is mainly attributable to funding received for compensation adjustments (\$291 thousand) and an adjustment to the annuities payable under the *Governor General's Act* (\$81 thousand). These increases are offset by decreases in approved budgetary authorities for the renewal and enhancement of Canada's Honours System and for adjustments to statutory items (\$39 thousand).

Budgetary Expenditures by Standard Object

The Office's quarterly spending has increased by \$181 thousand or 3.8% compared to the previous year. The increase in expenditures is mainly related to travel expenditures related to Governor General Events and to investments made following the implementation of the Office's IM/IT strategies.

C) Risks and Uncertainties

This Departmental Quarterly Financial Report (QFR) reflects the results of the current fiscal year as per the Main Estimates for which full supply was released on June 14, 2018.
